

FAWSSIT™

PORTABLE SHOWERS

Fully assembled and completely portable, our showers are designed for use by individuals with disabilities requiring a wheelchair or for others for whom bathing safety has become an issue. Our aim is to improve the lives of our customers.

FAWSSIT PORTABLE SHOWER HIGHLIGHTS:

- 🔹 **Patient stays in wheelchair.** No lifts or transfers required. Roll in-Shower-Roll out.
- 🔹 **Low cost** compared to bathroom remodel.
- 🔹 **Fully assembled**, no tools, no re-modeling, no training required.
- 🔹 **High quality** materials and construction for long term use.
- 🔹 UL-Certified, custom designed pump for rapid waste water removal.
- 🔹 **Light weight** for carrying or shipping (28 - 40 pounds, depending on model)
- 🔹 **Fully portable**, no modifications required to home or business location.
- 🔹 **Folds flat** for storage when not in use. Folds to a width of 8-12".

FAWSSIT™ SHOWERS COME IN FIVE SIZES TO ACCOMMODATE DIFFERENT ABILITIES

S2000 Standard (36" × 36" × 48")

For wheelchair users who do not require a tilt back shower wheelchair. Carry case on wheels is also available.

Shown here with optional shower wheelchair.*

Tall Series T4000

(36" × 36" × 72")

Meets the needs of Emergency Services or HAZMAT and is also wheelchair accessible.

Also available in 42"×42" (T4040) and 46"×46" (TS000) footprint.

SS4040 Super Standard (42" × 42" × 48")

Same design as the S2000 but allows an extra 6" in width and depth for larger wheelchairs or footrests.

B5000 Bariatric (48" × 48" × 44")

For wheelchair users who require more space for larger size wheelchairs or special patient requirements.

R3000 Recliner (36" × 76" × 36")

For the High quadriplegic, cerebral palsy and any medical condition requiring a tilt back shower wheelchair.

Shown here with optional tilt shower wheelchair.*

* FAWSSit™ offers a full line of specialized roll-in shower chairs from Showerbuddy™

About Care Giver Support Products, LLC:

CGSP was founded in 2005 and owns the patent for portable showers. We pride ourselves on offering high quality, durable, safe and effective showers, for when re-modeling for accessibility is either not possible or too costly.

All FAWSSit™ Portable Showers are Made in the USA
from domestic and foreign components
